

If you are adding on to your Champs-Élysées, Lombard Street, Sunset Boulevard or Abbey Road Wedding Package, reception space is offered in four-hour blocks in addition to your wedding ceremony.

This allows ample time for decorating, festivities, and clean up. As an “add-on,” the required Event Coordinator and extended custodial support is included in the price and there is no additional deposit required.

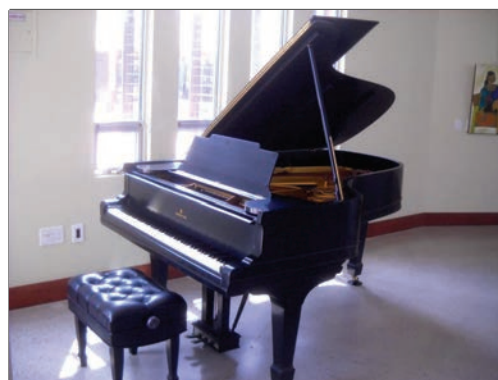

If your reception is stand-alone (does not include an on-site wedding) there is a \$500 *refundable* deposit, in addition to the cost of the reception package. “Stand-alone” reception space is offered in six-hour blocks which allows ample time for room set-up, decorating, festivities, and breakdown, and clean up time. Also included is a required Event Coordinator and custodial support.

The facilities at First Unitarian Universalist Church of San Diego are designed with the purpose and principles of universal accessibility, social interaction and environmental stewardship. First Church holds sacred a rich aesthetic and artistic environment that creates a special setting for wedding receptions.

Front Street Weddings at First Unitarian Universalist Church of San Diego offers wedding reception space as an “add-on” to the wedding package of your choice, or as a “stand-alone” if your wedding takes place at another location or another time.

Our professional music staff is available to arrange musicians for your reception (additional fees apply). Pre-arrangement is required for outside musicians to use one of our pianos.

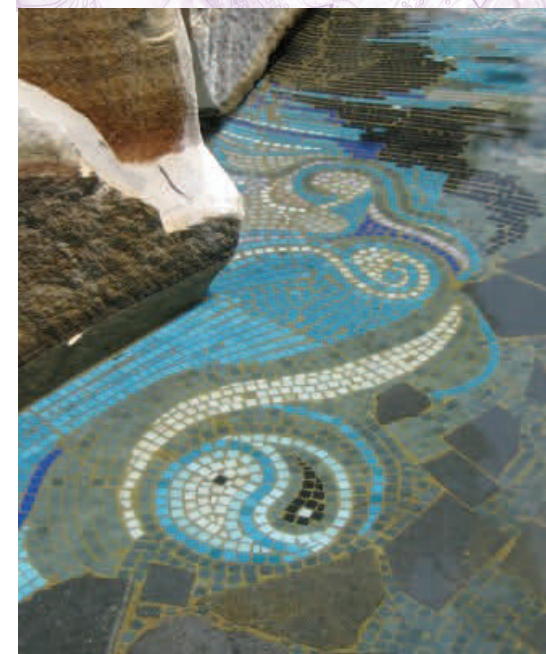

Our Sound Technician may be arranged for your reception at a cost of \$65 per hour with an additional fee for use of the sound equipment.

Bard Hall's 7-foot Steinway grand piano.
