Join us for an evening of Palestinian food and poetry with a gorgeous view of downtown San Diego, Tijuana, and the Coronado Islands! Palestinian native Nadira Abukhalaf will prepare a scrumptious dinner of traditional Palestinian dishes, including a meat dish with vegetables and rice called maqlouba ("upside down" in Arabic) and mujaddarah (pictured here), a vegan dish with lentils and rice topped with caramelized onions. In addition to Nadira's wonderful cooking, we will be treated to readings of the passionate and haunting poetry of Mahmoud Darwish, regarded by many as Palestine's national poet, as we enjoy the view from Kathleen MacLeod's beautiful Middle Eastern- inspired hilltop home in Encanto.

Back by popular demand! Do you think Dom Perignon is "the" sparkling wine? Not necessarily so. The variety in sparkling wines is rich and varied. Spend a light and bubbly evening tasting a variety of champagnes with us. We'll see if we can find the oaky, the fruity, the light and full flavors. Learn a bit of champagne trivia. Did you know the hollow in the bottom of a sparkling wine bottle is for the vintner's thumb? It is called "riddling" when the makers spin the bottles on the racks as part of the bottle fermentation process. Prepare to savor one of life's elixirs while enjoying our sparkling view of the bay and downtown lights. We will include an array of appetizers from Chef Ray along with the wines to let you explore how different flavors can enhance the experience.

David presents French food at its best based on recipes in Julia Child's The Art of French Cooking. We're planning on starting with Coquilles St. Jacques, Bouillabaisse Soup and Caesar Salad (not strictly French but one of Julia's favorite). The main course will be Coq au Vin Blanc avec olives with Haricots Verts, Gratin Dauphinois and Asparagus au Hollandaise. Dessert will be Souffle a l'Orange et Amandes. The meal will be accompanied by wines from around the world appropriate to each course and will finish with gourmet coffee and a selection of liqueurs. This meal will not be appropriate for many diets, so eat lightly the week before. During the course of the evening we will listen to a bit of French opera and, possibly, a live French aria.

Great wine and food pairings can make the flavors of each sing and resonate on the palate. We'll explore a range of great pairings in a 5 course dinner:

**Appetizer:** We will welcome you to our home, just 2-blocks from the ocean cliffs in Ocean Beach, with sparkling Chardonnay-based wine and gougere (cheese puffs).

Seated around our solid-cherrywood Amish dining table, you will enjoy:

**Salad:** Butter lettuce with avocado, grapefruit and goat cheese - paired with a French Sauvignon Blanc (a classic combination)

**Fish:** White fish (probably a sea bass - depends on what's fresh that day) en papillote with aromatic vegetables - paired with a Spanish white wine, Albariño (Albariño is magnificent with fish, and a great value)

**Meat:** Braised beef short ribs - paired with a California Zinfandel (Rich tender beef with a fruity, full bodied red)

**Dessert:** Plum tart - paired with tawny port

Printed menus will be provided including each wine's name and origin. In addition to wines purchased locally, the Zinfandel and Sauvignon Blanc are from batches we have made ourselves at Curds and Wine in Kearny Mesa.

- High and low heat: Getting a great sear on fish - and keeping lean meats tender
- How restaurant chefs design dishes for maximum eating excitement - you can too!
- Banquet techniques - elegant food for a crowd
- Important tools - what do you really need? How to use it?
- Confidence with spices and seasoning
- Size and shape - how prep affects results
- Hot and cold sauces that make basic dishes extraordinary
- Perfectly cooked vegetables

You will construct your own oval shaker box with materials provided. The process involves steaming the wood, bending around a form, and using copper tacks to hold it together - no glue! Due to the nature of the assembly, this will require approximately 3 hours on two successive weekends. Originally these types of boxes were used by the Shakers to store pantry staples. But they work very well for storing the odds and ends on top of your dresser, jewelry, or other items.

George Martin and his son created a wonderful soundtrack for the Cirque du Soleil show "The Beatles LOVE". The Martins remixed and combined Beatles songs in a way that matches the creativity of Cirque du Soleil. The result is Beatles songs you know and love, performed in a way you have never heard (unless you have seen the show or bought the album).

Cirque du Soleil shows are "in the round" so the soundtrack must work for any location in the venue. We will listen to the music in all of its 5.1 surround glory in our living room. There will also be time to reminisce about the old days when we first heard the Beatles. And of course, snacks.

We have two Corgis, who will be locked in the bedroom, but the dog hair will still be around.

Love to sing in the shower but too shy to try it in public? Don't worry. We'll bet you sing just great. This is your chance to sing your favorite songs with karaoke accompaniment in a safe, private setting (the hosts' home!) with a small group of welcoming fellow UU friends. Words are on the screen so you don't have to know them. Or pretend you know them. Or hum. We will have 600+ songs available spanning from pop, oldies, and rock, to standards and show tunes, so there's bound to be something you like. Joanne Williams will spin the tunes, and the software she's using allows her to pitch shift the accompaniment up or down a little, so if your vocal range is a little dicey, we can adapt. The evening includes gluten-free snacks and wine. So if plying you with wine will get you to sing, or maybe get you to sing better, it's all good. This event is in a private home with a staircase, so you need to be able to climb a flight of stairs. We have no pets that we know of.

Join us for a moderate 2.5 mile loop walk along the Desert View Trail & Pacific Crest Trail (altitude 6,000 feet). The walk is a nice combination of forest and desert views. We will identify a few items such as mortars along the old interpretive trail. If the weather is clear we may be able to see the Salton Sea to the east. We will have lunch after the hike followed by optional outdoor activities such as log-splitting and chain sawing. Meet at our cabin opposite the Desert View Picnic area on the scenic Sunrise Highway. Details on how to meet and suggestions for car-pooling will be provided.

This interesting walk is a blend of historic to current bridges and houses along former streetcar-access routes. Originally published by the Canyoners, our modified version of this walk is a little over six miles, starting and ending at First UU Church for ease of parking and knowing where to meet. The walk goes through parts of Hillcrest, Balboa Park, and Banker's Hill areas, crossing the Vermont Street Bridge, Georgia Street Bridge, the footbridge over Park Blvd at Balboa Park, the 1914 Laurel Street Bridge, First Avenue Bridge, Quince Street Bridge, and Spruce Street Bridge along the way. It's a fairly easy, mostly flat walk with elevation changes along upper contours of canyons, and some steps for Spruce and Quince Street bridges. Also, some sidewalks are narrow or buckled in places along the route, so we recommend comfortable shoes that will give you good footing. Joanne Williams will act as tour guide/docent, pointing out places of interest and historical significance along the way. A delicious brunch prepared by Chef Ray Evans is included.

Located steps from the sand, experience peace and tranquility with a certified Reiki practitioner.

While pregnant, I found myself amazed with the effectiveness of Reiki, a Japanese holistic wellness method for body and mind. I have decided to devote myself to this gentle healing art and I can't wait to share my gift with you!

A complete Reiki session is offered to a fully clothed recipient who is lying on a treatment table or sitting comfortably supported in a chair.

Most commonly, Reiki is offered through light, non-invasive touch with the practitioner's hands placed and held on a series of locations on the head and front and back of the torso. The placement of the hands should never be intrusive or inappropriate, nor should there be any pressure.

"I feel very refreshed and seem to be thinking more clearly." "I think I fell asleep." "I can't believe how hot your hands got!" "I feel more relaxed than even after a massage." "My headache is gone." These are some of things people typically say after a Reiki session.

I am honored to be a part of your journey to a deeper physical, emotional and spiritual wellness!
